

Your 2016 Winter CSA Membership Agreement

We believe in providing fresh, seasonal, local vegetables, microgreens and eggs from our farms to your home. We believe people should have a relationship with their food - one that gives back to both you and the land. We do NOT use synthetic fertilizers, pesticides, genetically modified seed or feed. As a practice, our records will be available to all members and we welcome your inquiries.

Members of our Winter CSA will share in the abundance of local North Carolina farms. Of course there are some risks associated with our growing season but we're committed to minimizing those risks. We promise to do our best to provide you with a bountiful share each week. The quantity and type of produce will vary week to week depending on temperature extremes, insects or other production factors. By joining our CSA, you are agreeing to share the risk of crop failure with us.

Our CSA runs for 16 weeks, from the third Tuesday in November through the last Tuesday in February. Members are responsible for picking up their weekly share on the designated day and time. The pickup location is the [Burnsville Health and Nutrition store](#) on South Main Street, between 2pm--4pm. In bad weather, a secondary pickup date and/or time will be determined (if needed) and announced via email, at least one day ahead of time. Boxes will not be available other than at the designated locations and times.

Our 16 week Winter CSA is \$478.00. A deposit of \$239.00 is due upon signing along with deposits on any Add-on options you select. The balance is due at the first pickup. Deposits are non-refundable unless there are fewer than ten membership signups.

Add-on Options

We offer various meats and mushrooms at additional cost. You'll need to select any Add-ons here, at signup. For details on your Add-on options, go to www.jackiesnaturally.com/csa. Please check the options below that you want and include one-half those additional costs with your deposit. Check one or more of the following:
